

# HOW WILL CREIGHTON KEEP ME SAFE DURING COVID-19?

Creighton  
UNIVERSITY

Division of Student Life  
Student Health Education and Compliance

## SANITATION MEASURES

Creighton will maintain campus-wide environmental infection protection efforts by providing access to hand sanitizer and regularly disinfecting public spaces such as entry ways, cafeterias, study spaces and public restrooms.

## CONVENIENT CARE ACCESS

Creighton will continue to partner with CHI Health (including the Student Care Clinic adjacent to campus) to provide physical and virtual care. Campus Health Aides will make after hours residence hall visits to provide timely care.

## LOCAL COLLABORATION

Creighton will continue to collaborate with the Douglas County Health Department to ensure the most current measures are taken to protect the health and safety of each member of the Creighton community.

## RECOVERY SPACES

Creighton will continue to utilize *cura rooms* (quarantine and isolation spaces which include individual restrooms, kitchenettes and food service) for students who've been exposed to or exhibit symptoms of COVID-19.

## SOCIAL DISTANCING

Creighton will continue to operate in accordance with all local, state and federal government guidelines and restrictions regarding events and gatherings.

## HEALTH NOTIFICATIONS

Creighton will continue to notify students of important COVID-19 developments via text messages and emails.

Creighton University's Student Health Education and Compliance Office includes experienced medical staff, including:

Carrie Hoarty, MD

DIRECTOR, Student Health Education and Compliance  
[carriehoarty@creighton.edu](mailto:carriehoarty@creighton.edu)

Angela Maynard, RN, BSN, CPN

ASSISTANT DIRECTOR, Health Education and Student Insurance  
[angelaamaynard@creighton.edu](mailto:angelaamaynard@creighton.edu)

Jenni Bragg, RN, BSN

ASSISTANT DIRECTOR, Immunizations and Compliance  
[jenniferbragg@creighton.edu](mailto:jenniferbragg@creighton.edu)

Dr. Hoarty, Ms. Maynard and Ms. Bragg will continue to monitor and contact trace each member of the Creighton community with symptoms or exposure to COVID-19.

They are available by phone and email to answer questions.

## DID YOU KNOW?

Omaha is home to three major collaborative health institutions, including Nebraska's Biocontainment Unit, which cared for the first United States citizens diagnosed with COVID-19.
