### COLLEGE OF NURSING

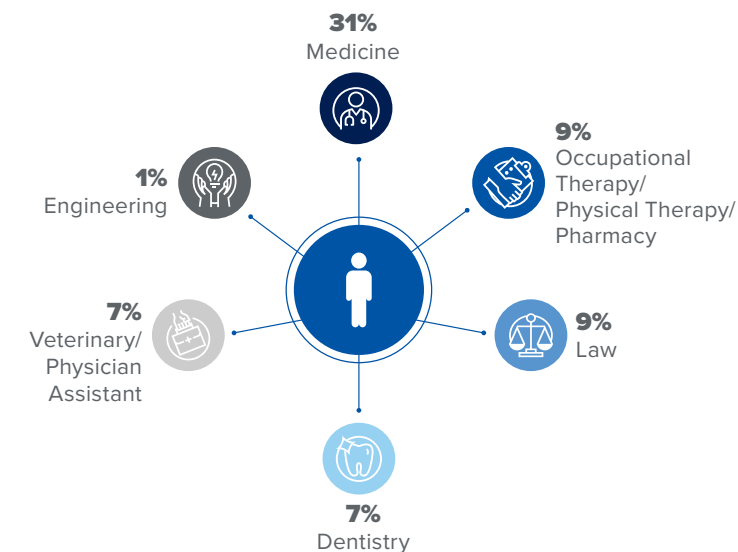

With a top 50 ranked program and a commitment to service, caring is a career at Creighton Nursing. Our nurses enter the world with the diverse skills needed to become life-changing professionals. Creighton's interprofessional education means nursing students learn alongside students from other health profession programs, preparing them to serve patients holistically and as part of a team.

## Premier support and advising set us apart

Over half of our students arrive at Creighton with the goal of pursuing a professional degree. They benefit from dedicated pre-professional advising and support. In addition, we offer the Creighton Pre-Professional Scholars program, which is the most comprehensive initiative of its kind in the country. This program guarantees acceptance into a professional program upon graduation for students who meet specific criteria.

Our students are never alone. If you need to dig deeper into coursework, up your study habits, manage anxiety or improve your academic experience, there's a friendly face waiting to help you with all your needs. Whatever the challenge, Student Success will keep you sharp. When you commit to Creighton—we commit to you!

“Creighton provides unique opportunities for students to be able to meet people from different cultures and also gives us approaches to be able to serve using our Ignatian values.”

—Olivia Brem, OTD'24

Last year, Creighton celebrated 50 years of programming in the Dominican Republic (DR) through Misión ILAC—the Institute for Latin American Concern. Undergrad students take the time to travel to the DR to serve others and put their Jesuit values into practice.

## Embark on a transformative journey

Creighton's prestigious Global Scholars Program offers a unique four-year experience that will broaden your horizons, enrich your education and prepare you to make a global impact. You'll have an incredible opportunity to explore diverse cultures through four immersive international travel experiences. Studying abroad fosters an immersive language experience. And engaging in service projects or conducting research allows you to gain a deep understanding of global issues and expand your worldview like never before.

We believe that experiences have the power to shape who you become. One of the key pillars of our educational philosophy is service learning, which ignites a flame within you to change the world for the better. Our faculty-led research projects and trips allow you to engage in meaningful and impactful work. You'll discover a passion for making a difference in the world, developing your skills and applying knowledge while making a tangible impact on the lives of others.

“Going into the world with an open heart and mind has allowed me to grow in amazing ways I never could have imagined.”
