

Additional Scholarships and Special Programs FAQs

How do I see what I'm eligible for?

Check your student portal at choose.creighton.edu/status. You will see all applications you are eligible for, as well as your status for applications you have started but may still need to submit additional materials to complete.

Can I apply to multiple programs and/or scholarships?

Absolutely!

Can I be in multiple programs?

No*, you can only be in one program. However, you are encouraged to apply for any and all programs that interest you. You will rank your preferences the first week of February. The selections are then made through a mutual selection process. The reason we only allow you to be in one program is to avoid overcommitting yourself before you have even begun classes. Additionally, some programs have conflicting activities (i.e. living in two places at once or being enrolled in multiple RSP classes).

**There is one exception: a student is allowed to participate in both one of the Pre-Professional Scholars Programs AND one other undergraduate special program (with Global Scholars being the only program that cannot be combined with a Pre-Professional Scholars Program).*

Can I apply to more than one Pre-Professional Scholars Program?

No, you may only apply to one Pre-Professional Scholars Program. We encourage you to select the professional school you are most interested in.

Does applying to multiple programs hurt my chances of getting into a specific one?

No. Apply to everything that interests you. Programs do not see what else you have applied for.

How do I rank the programs in order of preference?

You will receive an email on Thursday, February 4, with a survey to rank your preferences. You will only have a few days to complete this, so be sure to fill it out promptly.

How do I determine which program is the best fit for me and therefore how to rank accordingly?

Instead of just thinking about what program might look best on your resume or help advance you to your next goal, think about what kind of experiences you want to have to supplement your Creighton education. Each program has a different unique set of opportunities and consider which one best matches your goals when you rank the programs you applied to.

When will I find out if I was selected?

Program and scholarship decisions will be sent out via standard mail in early February.

I have submitted my application, but in my portal it says my application is incomplete. What do I do?

First, make sure you have submitted all of the required documents for the application. There also may be some items that need to be processed through the admissions office. During the holiday break (December 24 - January 3) documents will not be processed. We will rapidly review and process documents upon our return on January 4.

How do I sign up for a virtual interview?

Interview sign-ups are embedded in the application form. Virtual interview dates are held on various dates and times in December and January.

What if my schedule conflicts with all available interview times?

Please contact your admissions counselor and they will connect you to the program coordinator scheduling interviews to arrange an alternative virtual interview time.

How should I dress for my virtual interview?

Interviews are a formal occasion. Just because this year they will be on Zoom doesn't mean you don't need to dress appropriately. Heider College of Business interviews highly recommend that you wear a business jacket or blazer. Generally, for all other interviews, a dress shirt, sweater, or blouse will do. Wear something that would make your grandmother proud!

This is my first time doing an interview on Zoom. Is there anything I should do to prepare?

We understand that this may be a new environment for you. Test out your technology – make sure your microphone and speakers work on the device you are using. Please do your best to find a quiet space free from distractions. However, we also understand you have parents, siblings, and family you co-habitat with during this pandemic too. We won't stress if a younger sibling walks in the background, as long as you don't stress when a child or pet comes into ours.

I would like to visit campus and conduct my interview in person. Is that possible?

No. In our efforts to make the application process equitable for all students, all interviews will be conducted virtually. We encourage you to attend one of our Admitted Student Days on campus this spring. Sign up at admissions.creighton.edu/ASD.

Can parents/families come to the interview?

No. We know this can be difficult, but it is really good for the student! The interview is meant to be done independently.
